Content and Format

The 1992-93 edition of the Iowa Public Library Statistics includes information on income, expenditures, acquisitions, holdings, circulations, personnel, and output measures. Introductory and explanatory material and a county by county study are also included.

The 1992-93 edition presents data in the following formats:

- data from individual libraries;
- state totals and averages, by size;
- county data for income, holdings, and circulation.

Analysis by Region is not included in this publication.

Library listings are by Size Code, alphabetically by city. Listing by Size Code allows each library to compare itself with other libraries in cities of similar size. Surveys from 499 libraries which reported their data are included in this publication. A Table of Cities and Size Codes is included to assist users of the publication in locating any given library in the individual library tables.

The county study provides per capita studies of income, holdings and circulation for each county. The county study provides a true per capita because it includes the total population of the county.

The second edition of In Service to Iowa emphasizes turnover rate, percent of the collection added, and percent of the collection withdrawn. These collection development indicators are included in the data for individual libraries. Turnover rate is listed under Circulation; % withdrawn is listed under Holdings; and % added is listed under Acquisitions in this edition of the Iowa Public Library Statistics.

Introduction

National Data Collection Time Table

The FY93 timetable for the Public Library Statistics is as follows:

6/1/93	General Information Survey mailed to public libraries
7/31/93	General Information Survey returned to Regional Libraries
7/31/93	General Information Surveys returned to the State Library
11/23/93	Printed tables available from data processing
12/1/93	Public Library Statistics sent to the printer
12/26/93	Public Library Statistics mailed to libraries
6/1/94	Iowa data sent in electronic format to the Federal State Cooperative System for Public Library Statistics(FSCS).

Importance and Use of Public Library Statistics

At the local, regional, and state level, public library statistics are used for:

- comparative analysis with other libraries
- justification of budget requests
- tracking of inputs and outputs over time
- as part of planning and role setting
- evaluating grant and other programs

At the national level, the U.S. Congress recognized the need for more and better data to assist in the public debate on Education and the role of the public library nationwide with the passage of Public Law 100-297, the Hawkins-Stafford Elementary and Secondary School Improvement Act. As part of the Act, Congress established FSCS to collect and disseminate national public library data through a cooperative system involving State Libraries, the National Commission on Library and Information Science, and the National Center for Education Statistics.

The FSCS cooperative has collected and published national public library data since 1988. Iowa data is included in an annual publication, Public Libraries in the U.S., which is mailed to every public library. The definitions used in our General Information Survey are based on FSCS definitions. FSCS definitions have been approved by the 51 State Data coordinators after a careful evaluation by the FSCS Steering Committee. New data elements are introduced very carefully, and are evaluated for a 3-year period before they are officially adopted.

Income

Iowa public libraries reported total income of \$54.7 million in FY93, compared with \$51.8 million in FY92, an increase of 5%. Nationally, public library income was \$4.6 billion. The following percentages compare income by various types in Iowa and nationally:

	% Local	% State	% Federal	% Other
National	76.8	13.1	1.2	9.0
Iowa	82.3	.9	.9	13.2

Expenditures

Iowa public libraries reported expenditures of \$54.5 million in FY93, as compared with \$49.1 million dollars in FY92, an increase of 11%. Much of the increased expenditures came as a result of capital outlay, which increased from \$4.2 million to \$6.3 million, an increase of 50%.

Nationally, the 9050 public libraries had total operating expenditures of \$4.3 billion, unchanged from the previous year. Of the national expenditures, 63.7% was for staff and 15.4% was for collection. In Iowa, 54.6% of expenditures were for staff and 14.8% was for collection.

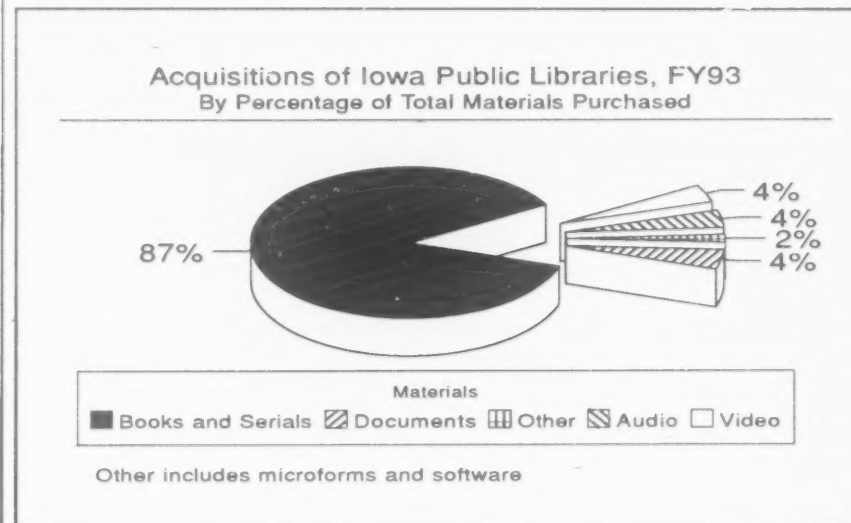

An "average" Iowa public library spent the following in FY93: Salaries/wages, \$48,155; Fringe benefits, \$9,573; Books, \$12,042; Periodicals, \$2,155; Other materials, \$1,897; Plant operation, \$6,302; Equipment, \$2,515; Other expenditures, \$11,192; Capital outlay, \$12,603. The population served by this "average" library was 4,409. For averages by Size Code, see the tables of averages at the end of the Expenditures section.

Acquisitions

In FY93, Iowa public libraries purchased 787,306 items, or 6.95% of their existing collections. Acquisitions were as follows:

Print volumes	Gvt. documents	Audio	Video
680,696	33,381	29,470	29,203

The percentages of various categories of items purchased are illustrated in the following graphic:

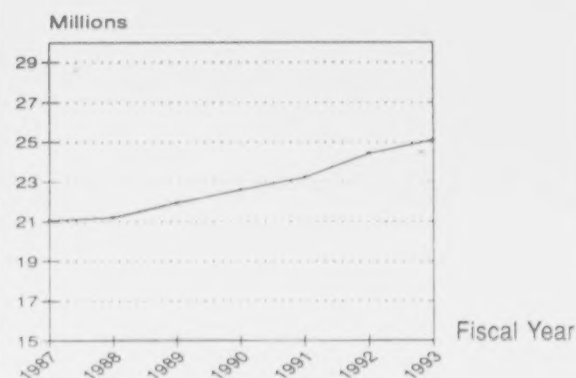

Holdings

Iowa public libraries had a total of 11.5 million items in FY93, an increase of 3% from FY92. Iowa holdings equalled 3.74 volumes per capita as compared with the national average of 2.61 volumes per capita. Books comprised 10.1 million volumes, or 95%, of the collections in Iowa public libraries.

Circulation

Total circulation of all materials from Iowa public libraries was 25.1 million items in FY93, an increase of 3% over FY92. Book circulation was 78% of total circulation. The pattern of increasing circulation has continued over the past 6 years, as illustrated by the following graph:

**Total Circulation of Iowa Public Libraries
1987-1992**
Circulation increased 19% in 7 years

Staffing

Iowa public libraries employed 1,186 librarians (729 FTE) in FY93. Full-time equivalency is determined by dividing the number of hours worked in a typical week by 40. Iowa libraries employed 1,221 other staff (597 FTE) in FY93. There were 232 FTE employees with the Masters in Library Science degree in Iowa public libraries. Iowa ranks 29th in the nation in number of MLS staff per capita.

Output Measures

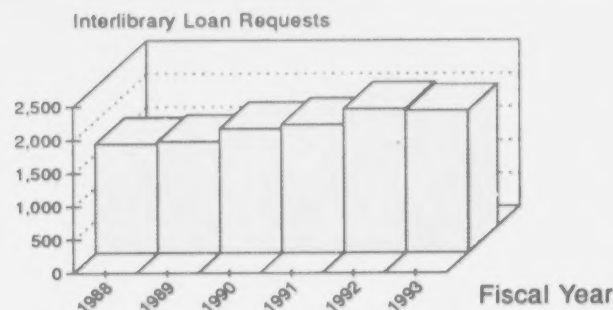

Iowa public libraries provided a very high level of service to patrons in FY93. 80% of the citizens of Iowa were registered borrowers of a local public library. There were 1.6 million registered borrowers in the 499 reporting libraries.

In the "average" Iowa public library (serving an "average" population of 4,409) during 1992-93, the following activities occurred: 18,732 items were used in the library; there were 24,533 library visits; 3,165 reference questions were asked; and 214 items were borrowed on interlibrary loan. In the "average" Iowa public library, library users found the title they were looking for 80% of the time (Title Fill Rate), and they found the subject or author they were looking for 84% of the time (Author/Subject Fill Rate).

Library customers found something of interest in the library 90% of the time (Browser Fill Rate). When items were not immediately available, 50% were made available within 7 days, 20% were made available within 14 days, and 17% were available within 30 days. 13% of requested materials were not available within 30 days.

Iowa public libraries borrowed 107,015 items for their customers in FY93, a slight decrease from FY92. The pattern of an increasing number of items borrowed per week is illustrated by the following graphic:

in Iowa Public Libraries, 1988-1993**

Explanatory Notes

Library Size Codes

Library Size Codes are based on the jurisdiction population of the city, i.e. the population of the city which the library was established to serve. Population figures are taken from the 1990 U.S. Census. County libraries have a separate designation.

Library Size Code	Population	Number of Libraries
A -	libraries serving less than 500 -	140
B -	libraries serving 500 - 999 -	131
C -	libraries serving 1,000 - 2,499 -	137
D -	libraries serving 2,500 - 4,999 -	50
E -	libraries serving 5,000 - 9,999 -	37
F -	libraries serving 10,000 - 24,999 -	13
G -	libraries serving 25,000 - 49,999 -	9
H -	libraries serving 50,000 and over -	8
I -	county libraries -	4
